Professional Summary

AI/ML Engineer specializing in Generative AI and Large Language Models (LLMs) with hands-on experience building LLM-powered chatbot solutions, prompt engineering, API integration, and deploying scalable AI systems on Google Cloud Platform (GCP). Strong expertise in Python, SQL, ETL pipelines, and enterprise AI solutions aligned with business objectives.

Skills

- Programming: Python, SQL, PySpark
- Generative AI: LLMs, Prompt Engineering, AI Chatbots
- Cloud: GCP, Vertex AI
- Data Engineering: ETL, Data Modeling
- Databases: MySQL
- Enterprise Integration: REST APIs, ERP Data Integration
- Tools: Git, Power BI

Work Experience

AI/ML Engineer | KRTYA Technologies Pvt. Ltd. | Sept 2024 – Dec 2025

- Built and deployed an end-to-end Customer Churn Prediction solution on 10,000+ records, performing data pre-processing and feature engineering, and training Logistic Regression and Random Forest models to improve accuracy by 20%+, enabling proactive retention strategies and data-driven decision-making.
- Designed and deployed LLM-based Generative AI chatbot using prompt engineering and API integration, handling 500+ monthly interactions and reducing manual effort by 30%.
- Designed, optimized, and deployed scalable AI/ML solutions on Google Cloud Platform (GCP), reducing model deployment time by 40% through streamlined workflows.
- Collaborated with cross-functional teams including backend developers and business stakeholders to integrate ML models into existing workflows, ensuring seamless deployment and operational efficiency.
- Optimized complex SQL queries and database operations to enhance reporting performance, reduce execution time, and improve overall data retrieval efficiency for analytical workloads.

Software Development Intern | Finlogic Technologies India Pvt Ltd | Apr 2023 – Jul 2023

- Performed SQL-based data extraction and reporting on datasets containing 10,000+ records for business analysis.
- Assisted in backend data validation and debugging.
- Generated dashboards and analytical reports that supported decision-making and improved reporting efficiency by 25%.

Education

- **Master of Engineering (Computer Science)**
SCET - GTU, Gujarat | 2020 - 2022
- **Bachelor of Engineering (Computer Science)**
BMCET - GTU, Gujarat | 2016 – 2020

Certifications

- Machine Learning for All – University of London
- SQL: MySQL for Data Analytics and Business Intelligence
